I. General description and use

PBS-02 is a super competition starting block. The block is made of aluminium, so it is light and very durable. Its foot supports have got special ergonomic shape and are covered with high quality synthetic track. The product offers a wide adjustment range of foot supports and their reciprocal positions. PBS-02 can be easily equipped with electronic react time systems.

IV. Operation and maintenance

After each use make sure to check if the spikes are correctly screwed in the block rail. If they work loose in the rail, they should be tightened, otherwise they will gradually damage the threads in the aluminium rail. The starting blocks must be stored in a roofed and dry place.

V. Packing and transport

The starting block is packed in a carton box:

	contents	1 pc	2 pcs
Box's dimensions [m]	**length L**	0,92	0,92
	width B	0,34	0,34
	height H	0,18	0,18
Volume [m^3]		0,056	0,056
Gross weight [kg]		6,16	11,56

VI. Certificates

IAAF certificate no. E-99-0155

International Association of Athletics Federations

IAAF Athletics

Product Certificate

The IAAF is pleased to certify hereby that the following product:

Product's Trade Name:
Starting blocks, Competition

Description, Colour / Absolute Thickness:
Aluminium, Silver

Company Name, Country:
Polanik Sp. z o. o. - Sp. K., POL

Catalogue Number:
PBS-02

IAAF Certification Number:
E-99-0155

meets the dimensional requirements for use in all international athletics competitions.

It is for the purchaser to determine the item's fitness for the purpose based on his knowledge of the local conditions and use.

Valid from:
1 October 2015
